

Standard Procedure for FASTag Affixation

- **Remove the adhesive liner from the Tag sticker.**
- **Install on the top middle of the windshield from inside the vehicle (*Behind Rear View Mirror*).**
- **Press the sticker gently on the windshield**
- **Always keep the adhesive side facing outside.**
- **Once the sticker is pasted do not try to remove or reposition it.**

Don'ts

- **Don't paste FASTag on dirty/wet glass surface.**
- **If original adhesive is insufficient, return the FASTag and get it replaced.**
- **Don't use cello tape/any supplementary adhesive to affix FASTag.**
- **Don't try to peel off and reposition FASTag**
