About NHAI

National Highways Authority of India (NHA) was set up by an act of the Parliament, NHA Act, 1988 "An Act to provide for the constitution of an Authority for the development, maintenance and management of national highways and for matter connected therewith or incidental thereto". It has been entrusted with National Highways Development Project, which along with other minor projects, has vested in it 50,329 kms of National Highways for development, maintenance and management. Our objective is to ensure that all contract awards and procurements conform to the best industry practices with regard to transparency of process, adoption of bid criteria to ensure healthy competition in award of contracts, implementation of projects conform to best quality requirements and the highway system is maintained to ensure best user comfort and convenience.
